

Croppa Creek Public School

Works notification | 4 September 2024

Dear staff, parents and carers,

Further to the [Works Notification on 31 May](#) regarding the drinking water quality test results for Croppa Creek Public School, remediation work has been completed by a qualified and accredited tradesperson following advice provided by an independent hygienist.

Re-testing of the affected tap outlets by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the following locations has been restored and can be used again by students and staff:

- girls' toilet in building D
- staff bathroom in building D.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
