

Wirapaang Public School

Works notification | 11 December 2023

Dear staff and parents/carers,

Following on from the works notification on 11 August 2023, we are replacing a section of secured ceiling in the hallway near the boy's toilet in Building C at Wirapaang Public School.

This work will involve removing known asbestos containing material in the ceiling sheets as per the school's asbestos register. Work to remove the ceiling sheets will take place on Saturday 16 December 2023.

All work involving asbestos containing materials will take place outside of school hours. The area will be cordoned off with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The building will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and local community is our highest priority, and we will continue to keep the community updated.

Thank you for your cooperation during this important work.
