

Hamilton South Public School

Works notification | 29 May 2023

Dear staff and parents/carers,

We are upgrading the student toilets in Buildings B and G at Hamilton South Public School. This work will involve working with asbestos containing material in the ceiling sheets and toilet partitions.

The toilets are being safely used at present as the ceiling and partitions are undisturbed and in good condition, and they will be cordoned off before the work starts.

Work to remove the ceiling sheets and toilet partitions will take place from Saturday 3 June to Sunday 4 June 2023.

If additional work is required, it will be completed over the weekend from Saturday 17 June to Sunday 18 June 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm they have been fully remediated, and the contractor will receive a clearance certificate before the upgrade works can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
