

Chullora Public School

Works notification | 11 March 2025

Dear staff, parents, carers, and neighbours,

We wish to advise that we will be replacing a damaged section of the eastern boundary fence and retaining wall at Chullora Public School.

The NSW Department of Education is permitted to secure school properties as indicated in the [Inclosed Lands Protection Act 1901 \(NSW\) \(ILP Act\)](#). Chullora Public School is 'inclosed land' for the purposes of the ILP Act.

The existing timber fence will be replaced with a hardwood lapped and capped fence with steel posts.

The NSW Department of Education will cover the cost of the work. You will not be required to make any financial contribution.

A retaining wall will be installed under the fence between 400mm and 800mm in height depending on the ground level of neighbouring properties. The new fence will be 1.8 metres above the height of the retaining wall.

Part of this work will involve removing sections of concrete on neighbouring properties where concrete has been laid against the fence line. Please be aware there will be an increase in noise when the concrete is being cut. We will make every effort to minimise noise where possible.

If you have any feedback about the planned work, please contact us on 1300 482 651 or schoolinfrastructure@det.nsw.edu.au by **Thursday 27 March 2025**.

Following receipt and consideration of all feedback received, we will schedule works to replace the fence and notify the community before work starts.

Please note our community phone and email are staffed from Monday to Friday between 9 am and 5 pm.

Thank you for your cooperation during this important work.
