

Bathurst South Public School

Works notification

29 November 2022

Dear staff and parents/carers,

Upcoming construction works to upgrade the canteen at Bathurst South Public School will involve working with asbestos containing material in the ceiling in the kitchen, two storage rooms and staff toilet in Block J.

Work will take place on Saturday 3 December and Saturday 11 December 2022. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area will be cordoned off within a worksite and safety measures and monitoring have been implemented. It will remain out of bounds to students and staff until the removal and associated work is completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
