

Mount St Thomas Public School

Works notification | 31 May 2023

Dear staff and parents/carers,

We are replacing the damaged wall sheets and vinyl tiles in the principal's office at Mount St Thomas Public School. As part of this work asbestos containing material within the wall sheets and vinyl tiles will need to be removed from Building A.

The office is currently cordoned off and the area made safe, with the asbestos containing material encapsulated with plastic sheeting. Additional safety measures and monitoring will be put in place before works start.

Work to remove the wall sheets and vinyl tiles will take place outside of school hours between Monday 5 June and Friday 16 June 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The office will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the office is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
