

# Cardiff South Public School

Works notification | 20 October 2023

Dear staff and parents/carers,

We are replacing floor coverings at Cardiff South Public School. This will involve working with asbestos containing material in the vinyl tiles that are under the carpet, in the staff room annex adjacent to the Principal's office.

Work to remove the vinyl tiles will take place Saturday 4 November 2023.

All work involving asbestos containing materials will take place outside of school hours, and the area will be cordoned off and additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The staff room annex will be inspected by the independent occupational hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the room is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
