

# Cardiff South Public School

## School holiday works notification | Spring 2026

Dear staff, parents, carers and neighbours,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

### **Planned work over the upcoming holidays**

We will be replacing the roof on buildings A and C at Cardiff South Public School during the spring holidays.

This period may include from the end of the school day on Friday 25 September 2026 up to the first day of Term 4, Tuesday 13 October 2026, weather and site conditions permitting.

The ceiling voids in these buildings are known to contain lead dust. Lead is considered a low health risk provided it isn't inhaled or ingested.

The affected rooms will be isolated and access restricted while the lead dust is safely removed through environmental cleaning.

Following this, an independent hygienist will inspect the rooms and issue a clearance certificate before the roof replacement works continue.

All work will be done by experienced contractors with appropriate safety measures in place in accordance with work, health and safety laws.

The Out of School Hours (OOSH) and vacation care service which runs from Building J will not be affected and will operate as usual during the holidays.

### **What to expect during construction**

Construction work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday.

Contractor vehicles will enter the school via Lake Avenue and park in the restricted area.

Traffic control will be used as required. Please follow the directions of any temporary signage and traffic controllers when in place.

We are committed to minimising disruptions where possible while work is taking place. For more information about how we manage construction, please visit our webpage at [edu.nsw.link/ConstructionImpacts](https://edu.nsw.link/ConstructionImpacts) or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
