

Curl Curl North Public School

Works notification | 3 August 2026

Dear parents and carers,

Planning underway for repairs to exterior panels

We have recently been made aware of signs of cracking on the exterior facade panels on some of the school's buildings.

Most of these panels are in areas inaccessible by staff and students, except for Block A1 (the library) and C1 (the 1P classroom).

To ensure the safety of the staff and students, the school has blocked off access to the north wall of the library and one entrance way to the 1P classroom.

The library and 1P classroom were completed in 2021 as part the wider upgrades to the school.

Next steps

We are working with the original builders to understand the cause of the issues and develop a plan for remediation. We will keep the school community updated.

The safety of the staff and students is our top priority. Thank you for your understanding and patience as we work together to keep the school safe and secure.
