

Waverley Public School

School holiday works notification – Autumn 2026

Dear staff, parents, carers and neighbours,

The holiday work outlined below has been rescheduled due to contractor availability.

These investigations will now occur on **Saturday 18 and Sunday 19 April 2026**.

Thank you for your understanding and support during this important work.

Notification issued on 31 March 2026

Dear staff, parents, carers and neighbours,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We are planning on upgrading the lower sporting field at Waverley Public School. As part of this work, we will be conducting a range of investigations during the autumn school holidays. These investigations will be carried out between Saturday 11 and Sunday 12 April 2026, weather permitting.

Investigations will involve:

- drilling bore holes and test pits to a maximum depth of 2.5 metres using a small excavator and hand auger
- backfilling the bores and test pits once soil has been collected using the excavated soil and additional soil where required.

The ground in this area is known to contain bonded asbestos as listed on the School Asbestos Management Plan.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

We will keep the community updated.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
