

Beaumont Road Public School

School holiday works notification | Spring 2026

Dear staff, parents and carers,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

We are upgrading some of our classrooms at Beaumont Road Public School. This work will involve the replacement of carpet as well as removal of vinyl tiles in Buildings A, B, D and L.

The vinyl tiles in Building A are known to contain bonded asbestos. This location is not in an area identified on the School Asbestos Management Plan (SAMP).

All work involving asbestos-containing materials will take place outside of school hours on Saturday 26 September 2026 and be completed on the same day with safety measures such as PPE and air monitoring in place.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your understanding and support during this important work.

For more information about asbestos please visit the [NSW Health website](https://www.health.nsw.gov.au/Asbestos/Pages/default.aspx) or scan the QR code.
