

# Villawood East Public School

Works notification | 20 July 2023

Dear staff and parents/carers,

We are replacing the carpet in 3 special program rooms in Building F at Villawood East Public School.

As part of this work, asbestos containing material within the vinyl tiles located underneath carpet, will need to be removed.

The 3 special programs rooms are being safely used at present as the vinyl tiles are undisturbed and covered by carpet. Additional safety measures and monitoring will be put in place before works start.

Work to remove the vinyl tiles will take place after school hours between Saturday 5 August and Sunday 13 August 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The 3 special program rooms will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before they are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
