

Biraban Public School

Works notification | 10 March 2026

Dear staff, parents and carers,

On Thursday 5 March 2026 a crack was identified on an external wall in Building F at Biraban Public School.

As the wall lining was assumed to contain asbestos, access to this area was immediately restricted and an independent hygienist was engaged to temporarily seal the crack, undertake testing and provide advice.

Testing confirmed that the wall lining did not contain asbestos materials.

Further work to replace the damaged wall lining will take place on **Saturday 14 March 2026**.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
