

Jannali East Public School

Works notification | 9 October 2023

In late September, fragments of asbestos containing material were identified on the surface of the bush playground at Jannali East Public School. The area was cordoned off immediately and separated by fencing to keep students and staff safe.

Work to remove the material took place on during the spring school holidays on Tuesday 3 October 2023.

Work was done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area was inspected by an independent hygienist to confirm it has been fully remediated and the school received a clearance certificate before the area was reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
