

Peakhurst West Public School - swimming pool

Project update | April 2026

Image caption: Refurbished pool at Peakhurst West Public School

Dear parents, families, community users and staff

Announcement of new pool operator

Fit XP has been appointed as the operator of the Peakhurst West Public School swimming pool.

Fit XP is a local provider with a strong record in delivering sports programs for students across south-west Sydney.

Refurbishment works

In addition to running and maintaining the facility, Fit XP will undertake refurbishment work.

From Monday 18 May 2026, the pool will temporarily close while this work takes place.

The initial work includes:

- reducing the depth of the 25-metre pool
- increasing the depth of the infants' pool
- new waterproofing and tiling in both pools
- upgrading the change rooms
- replacing internal floor coverings
- installing solar panels and battery storage.

These upgrades will be complete and the pool reopened in November 2026, ahead of the summer swimming season.

We understand that the temporary pool closure will cause inconvenience to community groups who use this facility.

Fit XP will work with the community groups who use this pool to keep them informed.

Further minor upgrades to equipment and the facilities will take place in early 2027. This work is not expected to cause any disruption to pool users.

More information

If you have any questions about the pool upgrade works, you can contact the Community Infrastructure team at community.infrastructure@det.nsw.edu.au.

Thank you for your understanding and support while we deliver this important project for the St George community.
