

# Peakhurst West Public School - swimming pool Project update | February 2026

Image caption: Refurbished pool at Peakhurst West Public School

## Investing in our schools

As part of the NSW Government's plan to rebuild public education, the NSW Budget is delivering record education funding, including \$9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

The Peakhurst West Public School swimming pool has been a valued asset of the St George community since 1961. In 2025 we refurbished the swimming pool to ensure its longevity for community groups and students learning to swim.

## Expression of interest update

The department received a strong response to the Expression of Interest (EOI) for an operator who will manage the facility, support its educational and community use and invest in its renovation

Last year we advised that we expect to announce the successful EOI applicant in early 2026. The department is in final stages of evaluation and we expect to announce the new operator by early April 2026 with the licence to start in mid-2026. In the meantime, Bright Pool Services will continue as interim site manager to accommodate the needs of community groups and students using the facility.

All existing community use agreements due to expire in February will be extended for 3 months. Any queries can be directed to [community.infrastructure@det.nsw.edu.au](mailto:community.infrastructure@det.nsw.edu.au).

We appreciate the community's patience while we seek a long-term operator for the Peakhurst West Public School swimming pool. We are committed to keeping you informed during this process and will provide as much notice as possible about any changes.

Thank you for your cooperation while we deliver this important project for the St George community.
