

Peakhurst West Public School Swimming Pool

Works notification | 3 July 2025

Dear staff, parents, carers and community members,

Further to the [works notification issued on 3 June 2025](#), we would like to provide an update on the swimming pool at Peakhurst West Public School.

Roof Replacement

Work to replace the roof of the swimming pool building is progressing on schedule.

Work to remove the asbestos containing materials from the eave linings was completed on Saturday 7 June 2025. A clearance certificate was issued by the independent hygienist before work continued.

The reopening date of the swimming pool will be shared with the community when all works are finished and the facility is ready for use.

If you have any questions about the roof replacement works, please contact School Infrastructure during business hours using the contact details below.

Expression of Interest for pool operator

The department received a strong response to the Expression of Interest for the operation and upgrade of the swimming pool.

Planning is now underway for the next stages of the procurement process. We will provide you with further updates as these processes progress.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
