

Eleebana Public School

Works notification | 29 October 2025

Dear staff, parents, carers and neighbours,

We are excited to advise that works to improve the drainage across the school will be taking place at Eleebana Public School.

This means we will be reducing the need for sandbags in the school.

Works will start during the Summer School Holidays to:

- install additional drainage
- upgrade stormwater infrastructure.

This involves works to the grounds north of Building C, the block in front of the library. The new drainage and stormwater upgrade will alleviate the risk of water intrusion to Building C.

Works are expected to finish in Term 1 2026, weather permitting. After this is completed, the school will be able to start works to upgrade the area known as “The Mix”.

Safety measures such as restricting access, temporary fencing and signage will be in place.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.
