

# Rooty Hill Public School

## Works notification | 3 March 2025

Dear staff, parents, carers, and neighbours,

We will be installing a new demountable building in the northwest corner of Rooty Hill Public School between Buildings D and K.

Installation will take place on **Saturday 8 March 2025**.

### **Traffic and parking impacts**

Work vehicles will enter and exit the school site via the main entry on Rooty Hill Road. Vehicles will primarily park in the school carpark with some parking close to the site on Clement Street.

A mobile crane will be used to lift and install the demountable in sections. The crane will be parked on Clement Street.

Traffic controllers will be set up on Clement Street and Westminster Street. They will be used where required for the safety of drivers, pedestrians and the local community. Please follow the directions of any temporary signage and traffic controllers when in place.

Traffic on Clement Street and Westminster Street during work hours may be delayed due to large vehicle movements. We apologise in advance for any inconvenience. Every effort will be made to ensure minimal disruption to parking and traffic.

### **Work Hours**

The mobile crane will be delivered at 7 am to safely lift the demountable on and off the truck.

Work will be completed between the hours of 8 am and 1 pm on Saturday 8 March 2025, weather and site conditions permitting.

The health, safety, and wellbeing of the school and local community is our highest priority.

Thank you for your patience during this important work.
