

Macquarie Fields Public School

Works notification | 19 February 2024

Dear staff and parents/carers,

The NSW Department of Education is committed to working with schools across NSW to deliver new and upgraded school facilities.

We are upgrading staff toilets in the Administration Building at Macquarie Fields Public School. This will involve drilling and mounting bathroom fixtures on to wall lining partitions known to contain asbestos as per the school's asbestos register.

Work will be taking place on Saturday 2 March 2024. All work involving asbestos containing materials will take place outside of school hours.

The toilets will be cordoned off before the work starts, with additional safety measures and monitoring will be put in place.

Work will be done in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
