

Lilli Pilli Public School

Community update | October 2024

Dear parents, carers and staff,

As part of the NSW Government's record \$1.5 billion investment in maintenance and local upgrades, planning is underway to upgrade the student bathrooms at Lilli Pilli Public School.

Work will include the replacement of the outdated bathroom facilities with new student amenities on the school's lower site.

This project is in the early planning stage. The next steps will involve designing the upgraded bathroom facilities with the school's needs in mind and engaging a contractor to complete the work.

We expect work to start this financial year and look forward to delivering the improved bathroom facilities for the school in 2025.

More information

We will keep the community updated and provide more information as it becomes available.
