

# Tuggerawong Public School

## School holiday works notification – Autumn | 2025

Dear staff, parents, and carers,

Following a routine inspection at Tuggerawong Public School on Wednesday 9 April 2025, we identified recent work undertaken to a ceiling panel in a demountable classroom located near the hall.

The material in the ceiling panel in this room was assumed to contain asbestos. An independent hygienist was engaged to conduct testing and provide advice. Following the inspection, the independent hygienist installed air monitoring, and the classroom was isolated from students and staff until repair works can be completed.

Work to repair the ceiling material has been scheduled to take place within the school holidays.

The vacation care program will be open as usual during this holiday work.

The vacation care provider will contact parents and carers with any required information about changes to holiday care. This may include any alternative locations or drop-off and pick-up arrangements.

### **Planned work over the Autumn School Holidays**

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

We will be working at your school during the Autumn School Holidays – from the end of the school day on Friday 11 April up to Day 1 Term 2 (Wednesday 30 April).

During the removal and repair works there will be air monitoring, temporary fencing, signage and workers wearing personal protective equipment at the school.

Once the work is completed the independent hygienist will provide clearance to reopen the classroom for use for Term 2 2025.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed asbestos contractors and inspected by an independent hygienist.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
