

# Moree East Public School

## Works notification | 5 December 2025

Dear staff, parents and carers,

As part of our planned maintenance work, we will be conducting a series of upgrades at Moree East Public School aimed at enhancing the experience for both students and staff. The work will be carried out in 4 stages, beginning with stage one in Buildings G, M, and N.

Stage one will include:

- The school's front area and key movement spaces will be levelled, upgraded, and provided with new footpaths, stairs and ramps.
- Decking and seating areas will be removed and rebuilt, with improved foundations, drainage, and new materials.
- Structural improvements including upgraded floor framing and concrete slabs to support buildings and facilities.
- Enhancements to the water management systems, such as drainage and downpipes.

Phone: 1300 482 651  
[www.schoolinfrastructure.nsw.gov.au](http://www.schoolinfrastructure.nsw.gov.au)

The tender for a construction contractor to undertake the work across all 4 stages has been advertised. The tender is open until Monday 8 December 2025.

Once the tender has closed, we will start an internal review to appoint a construction contractor and work on the project can start in Term 2, 2026.

## **Future stages**

Stage 2 in buildings G & O will include fixing and connecting new drainage, removing and replacing old decking and floor framing, levelling the subfloor, applying waterproof coating, installing strong support posts, and repairing damaged roofing materials.

Stage 3 in buildings O & E will include removing old decking, installing drainage, levelling and waterproofing under the floor, adding strong supports, replace decking to create an even surface, installing handrails where needed, adjusting a verandah beam, removing soil buildup, and adding a ramp with safety rails to the southeast deck.

Stage 4 in buildings K will include fixing the stormwater system, removing and replacing the play gym, temporarily removing and reinstalling air conditioners and fencing, removing soil and adding vents for airflow, building ramps and concrete slabs, and repairing landscaping and footpaths.

We appreciate your continued support as we progress through these important stages and will keep you updated on any new developments.

If you have any questions, please contact the department on the details below.
