

Moree East Public School

Works notification | 26 May 2026

Dear staff, parents and carers,

We are writing to provide an update on the upgrades at Moree East Public School, as outlined in our previous communication on [Friday 13 February 2026](#).

Stage 1 works have now been finished, and Stage 2 works are scheduled to start on Monday 1 June 2026. These works are expected to be finished in Term 4, 2026.

Stage 2 works in Buildings G and O will include fixing and connecting new drainage, removing and replacing old decking and floor framing, levelling the subfloor, applying waterproof coating, installing strong support posts, and repairing damaged roofing materials.

Location of stage works

Timeline

Please note that these dates are indicative and may be subject to change.

Future stages

Stage 3 in buildings O and E will include removing old decking, installing drainage, levelling and waterproofing under the floor, adding strong supports, replace decking to create an even surface, installing handrails where needed, adjusting a verandah beam, removing soil buildup, and adding a ramp with safety rails to the southeast deck.

Stage 4 in building K will include fixing the stormwater system, removing and replacing the play gym, temporarily removing and reinstalling air conditioners and fencing, removing soil and adding vents for airflow, building ramps and concrete slabs, and repairing landscaping and footpaths.

Managing construction

Construction vehicles and equipment, including cranes, cement mixers and jackhammers will be used throughout this maintenance program which may cause periods of noise.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with [NSW Environment Protection Authority guidelines](#). We will work with the school to minimise disruption to learning and teaching.

Work vehicles will enter and exit from Adelaide Street and Boston Street with traffic management in place during construction. Deliveries will take place outside of student pick-up and drop-off times.

For more information on how construction will be managed, please visit the School Infrastructure website: [Managing construction impacts in your community](#).

We appreciate your continued support as we progress through these important stages and will keep you updated on any new developments. If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
