

Liverpool West Public School

Works notification | 1 August 2023

Dear staff and parents/carers,

We are replacing the external eave lining in the entry way to Building E at Liverpool West Public School. As part of this work, asbestos containing material within the eave lining will be removed.

The area is safe at present as the eave lining is undisturbed and out of reach to students and staff.

The area will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work to remove eave lining will take place on Saturday 12 August and Saturday 19 August 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The Building E entry way will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
