

St Marys North Public School

Works notification | 16 October 2026

Dear staff, parents and carers,

We wrote to you on [Friday 7 August 2026](#) after we identified mould in Building G at St Marys North Public School.

We are pleased to advise we have remediated the affected areas in accordance with advice from an independent hygienist. This included:

- conducting a full environmental clean of the rooms and surfaces
- drying with fans, air scrubbers and dehumidifiers to prevent potential mould regrowth
- identifying and removing all mould affected items
- removing furniture offsite for deep cleaning
- treating surfaces with antimicrobial and antifungal agents
- removing, disposing and replacing roof insulation and plasterboard walls
- replacing the air conditioning filters to ensure fresh air ventilation
- removing the water tank
- replacing the gutter and storm water line.

The independent hygienist returned to inspect the rooms and provided clearance for Building G to reopen.
