

Biddabah Public School

Works notification | 27 August 2026

Dear staff, parents and carers,

On Monday 24 August 2026, minor damage to the ceiling was found in the boys bathroom in Building C at Biddabah Public School.

The ceiling is known to contain bonded asbestos as listed on the School Asbestos Management Plan.

As a precaution, the area was closed and an independent hygienist was engaged to inspect the site and provide advice. No additional debris was found and air monitoring results were satisfactory.

Work to temporarily cover the holes was completed on Tuesday 25 August 2026, allowing the bathroom to reopen for use.

The bathroom will close again on Saturday 29 August 2026 for permanent repairs. Once these are finished, the hygienist will inspect the area and the bathroom will reopen after clearance is given.

All work will be done in accordance with work health and safety laws with safety measures in place.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
