

Glendale East Public School

Works notification | 21 November 2023

Dear staff and parents/carers,

We are refurbishing the old library, library office and support classroom in Buildings A and B at Glendale East Public School. In preparation for this work, we will be removing vinyl tiles known to contain asbestos as per the school's asbestos register.

Work to remove the material will take place on Saturday 9 December 2023.

The areas will be cordoned off before the work starts, with additional safety measures and monitoring in place.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Following the removal of the vinyl tiles, the areas will be inspected by an independent hygienist, and the contractor will receive a clearance certificate to continue work on the refurbishment.

The library, library office and support classroom will remain cordoned off in the construction site until the upgrade work is complete in early 2024.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
