

# Loftus Public School

## School holiday works notification | Spring 2025

Dear staff, parents, and carers,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

### Planned work over the upcoming holidays

We will be working at your school during the Spring School Holidays – from the end of the school day on **Friday 26 September 2025 up to Day 1 Term 4 Tuesday 14 October 2025**.

During this time, we will be replacing the roof on Building K at Loftus Public School. The first stage of this work includes the removal of known bonded asbestos from the eave linings.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

Temporary fencing will be in place during the holiday period to isolate the work zone while works are underway. Once the eave linings are removed a clearance certificate will be issued and roof replacement works will continue. The roof replacement is due to be finished by Day 1 Term 4 2025.

The Out of School Hours (OOSH) and vacation care service which runs from Building D will be operating during the holidays as usual. We have arranged the removal of the asbestos material for a Saturday during the holidays when the vacation care program will be off site.

Work will take place between 7 am and 5 pm Monday to Saturday. No work will take place on Sundays or public holidays.

Safety measures including fencing, air monitoring, signage and workers wearing personal protective equipment will be in place during this work. All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

All work will be completed by licensed asbestos contractors and inspected by an independent hygienist.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities. If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
