

# Nowra East Public School

## Works Notification | 6 November 2023

Dear staff and parents/carers,

We are replacing roof eaves in the toilet block (Block D) at Nowra East Public School. In preparation for the replacement, we will be removing material known to contain asbestos as per the school's asbestos register.

Work to remove the material and replace the eaves will take place on Saturday 18 November and Sunday 19 November 2023.

The building continues to be used as the materials are undisturbed.

All work involving asbestos containing materials will take place over the weekend, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The eaves will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the area is made accessible.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
