

Ryde East Public School

Works notification | 23 November 2023

Dear staff and parents/carers,

During demolition work at Ryde East Public School, a small piece of suspected asbestos containing material was found in the ground near the Twin Road manual access gate.

As a precaution, the area was cordoned off.

We are following all the advice and protocols of independent asbestos hygienists and other experts.

If necessary, this area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan.

All work will be completed by licensed and accredited independent asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before the area is re-opened to students and staff.

The health, safety, and wellbeing of the school and local community is our highest priority, and we will continue to keep the community updated. Thank you for your understanding during this important work.
