

Harrington Street Public School

Works notification | 17 October 2025

Dear staff, parents and carers,

We are pleased to inform you that the Year 2 demountable classroom at Harrington Street Public School has now been fully remediated following a [closure due to mould](#) earlier in the year.

Since March 2025, significant remediation works have been carried out, including the replacement of carpets and the roof with all appropriate safety measures followed. The final phase of the remediation, involving the replacement of internal wall linings, has now been completed.

As a result, the Year 2 demountable classroom will be reopening for student use in the week commencing Monday 20 October 2025.

We thank you for your patience and understanding while these important safety works were undertaken to ensure a healthy and safe learning environment for our students.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.
