

Gwandalan Public School

School holiday works notification – Autumn | 2025

Dear staff, parents, and carers,

A damaged asbestos-containing wall panel was identified near the rear of Building G (Out of School Hours House) at Gwandalan Public School on Thursday April 17, 2025.

This panel is known to contain bonded asbestos as listed in the school's asbestos register.

Following the find, this area was locked and cordoned off and an independent hygienist was engaged to provide advice.

To prevent any disruption to vacation care, wall panel replacement and remediation took place when children were off-site on Thursday 24 April.

Safety measures, including air monitoring, temporary fencing and signage, were in place while work was underway.

Following the work, the independent hygienist provided clearance to reopen the area from Monday 28 April 2025.

All work was completed by licensed asbestos contractors and inspected by an independent hygienist in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
