

# Caves Beach Public School

## Works notification

23 September 2022

Dear staff and parents/carers,

Upcoming maintenance works to remediate Block D following a vandalism incident at Caves Beach Public School will involve working with asbestos containing material in the flooring of rooms DR0008, 09, 10, 11, 12, 13 and 14. The material is bonded asbestos, which means it is attached to other material such as cement or vinyl and cannot be crumbled by light pressure.

Work will take place during the upcoming school holidays between Tuesday 4 October and Monday 10 October 2022. All asbestos containing material will be removed outside of school hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.

---
