

# Belair Public School

Works notification | 19 May 2023

Dear staff and parents/carers,

We are replacing the glass in a window in the staff room in Building B at Belair Public School. This will involve working with asbestos containing material in the window frame.

The staff room is being safely used at present as the window frame is undisturbed and it will be cordoned off before the work starts.

Work to remove the window frame will take place on Saturday 20 May 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The staff room will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened to staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
