

Jasper Road Public School

Works notification | 17 July 2023

Dear staff and parents/carers,

We are replacing carpets in Building H at Jasper Road Public School. The carpet had been placed over old vinyl floor tiles, which will now be removed before the new carpet is laid. The old vinyl tiles will be treated as asbestos containing materials, with appropriate safety measures and monitoring taking place through their removal and disposal.

The rooms are being safely used at present as the vinyl tiles are in good condition and remain undisturbed under the carpet.

Work to remove the vinyl tiles will take place from Saturday 29 July to Sunday 30 July 2023. The work areas will be cordoned off before works start, and safety measures and monitoring put in place under the advice of an independent hygienist. The work areas will remain out of bounds to anyone on the school site until the removal work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The rooms will be inspected to ensure they have been fully remediated, and the contractor will receive a clearance certificate before the carpet replacement work continues.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
