

Mount Warrigal Public School

Works notification | 31 January 2023

Dear staff and parents/carers,

During the school holidays, removal of electric heaters at Mount Warrigal Public School included working with asbestos containing material in several classrooms.

The material was removed between Wednesday 21 December and Friday 23 December 2022. Safety measures and monitoring were in place and the area remained out of bounds to anyone on site until the asbestos removal and associated maintenance work was completed.

This area was remediated in accordance with SafeWork NSW regulations and the Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing was completed to ensure the area has been fully remediated, the school has received a clearance certificate and the area is open to students and staff.

The health, safety and wellbeing of the school and local community is our highest priority.
