

Tregear Public School

Works notification | 2 September 2026

Dear staff, parents and carers,

We are upgrading the community room in Building I at Tregear Public School.

We wrote to you on [Friday 7 August 2026](#) about a water leak. The leak has been found and we are pleased to announce that as part of the repairs, we are fixing the plumbing, removing tile adhesive and replacing the carpet.

To start these upgrades sooner, work to remove the tile adhesive containing bonded asbestos will now take place on Saturday 19 September 2026. All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

We expect to complete the upgrade of the community room by Friday 25 September 2026.

If you have any questions, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.

For more information about asbestos please visit the [NSW Health website](#) or scan the QR code.
