

Bradbury Public School

Works notification | 30 May 2023

Dear staff and parents/carers,

We are replacing the ceiling lining in the movement area in Building C at Bradbury Public School. As part of this work, asbestos containing material within the ceiling will need to be removed.

The movement area is safe at present as the ceiling lining is undisturbed and out of reach to students and staff. The area will be cordoned off before the work starts, with safety measures and monitoring put in place.

Work to remove the ceiling lining will take place on Saturday 3 June 2023. All work involving asbestos containing materials will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
