

Beresford Road Public School

Works notification | 10 March 2023

Dear staff and parents/carers,

As notified on 21 February and 28 February 2023, works to install external drainage in Building G at Beresford Road Public School are continuing.

During a recent excavation for drainage to reduce water moisture that has been damaging Building G, underground services were found and are required to be rerouted. This work will involve working with assumed asbestos containing material in the soil.

The area remains cordoned off to keep students, staff and school visitors separate.

Work will take place outside of school hours over 3 consecutive weekends including:

- Saturday 11 March and Sunday 12 March,
- Saturday 18 March and Sunday 19 March,
- Saturday 25 March and Sunday 26 March.

All works involving asbestos containing materials will be conducted in accordance with the advice of the independent hygienist, with additional safety measures and monitoring in place before works start.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The health, safety, and wellbeing of the school and local community is our highest priority, and we will continue to keep the community updated.

Thank you for your patience and understanding.
