

Westport Public School

Works notification | 5 August 2024

Dear staff, parents and carers,

On 23 July 2024, we informed you about remediation work that was being organised to replace 2 wall panels at Westport Public School.

Work is scheduled to take place on Saturday 10 August 2024.

At the same time, we will be replacing a damaged eave sheet in Building B.

The damaged sheet, known to contain asbestos as listed on the school's asbestos register, was found on 29 July 2024. Temporary fencing was installed to make the area out of bounds.

All work will be done outside of school hours, in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is done.

All work will be completed by licensed and accredited asbestos contractors and monitored by independent hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines

All areas will be inspected by the independent hygienist to confirm they have been fully remediated, and a clearance certificate will be issued.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
