

# Gillwinga Public School

## Works notification | 26 March 2026

Dear staff, parents and carers,

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

We are replacing a damaged window panel in a classroom in Building D which is known to contain bonded asbestos, as listed on the school's asbestos register at Gillwinga Public School.

As a precaution, the window panel was taped and boarded up to restrict access to students, staff and school visitors.

Work to remove asbestos-containing materials will take place from Saturday 28 March 2026. All work involving asbestos containing materials will take place outside of school hours with safety measures in place.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The classroom in Building D will be inspected by the independent hygienist to confirm that works were undertaken to standards, and a clearance certificate will be issued before the room is reopened.

For more information about asbestos please visit the [NSW Health website](#) or by scanning the QR code.

If you have any questions about this work, please contact the NSW Department of Education on the details below

Thank you for your understanding and support during this important work.

### What makes Gillwinga Public School special?

“My kiddos go to Gillwinga Public School and we really like it. It's a small school so has that little community feel. The teachers are lovely and kids are not just a number (we've had that vibe from previous schools). Also, if kids have additional needs, it's a great option.”

— a parent of Gillwinga Public School
