

Mount Brown Public School

Works notification | 9 May 2023

Dear staff and parents/carers,

We are replacing the carpet at Mount Brown Public School. As part of this work, asbestos containing vinyl tiles located under the carpet will need to be removed in a staff office in Building F.

The rooms are being safely used at present as the vinyl tiles are undisturbed and under the carpet.

The office will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work to remove vinyl tiles will take place on Saturday 13 May 2023. All work involving asbestos containing materials will take place outside of school hours in accordance with the advice of the independent hygienist.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The office will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the office is reopened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
