

Niagara Park Public School

Works notification | 5 May 2026

Dear parents, staff and carers,

The health, safety, and wellbeing of all members of our school and local community remain our highest priorities.

Central Coast Council has informed us that they will be conducting emergency maintenance works. To conduct these works, the water service to Niagara Park Public School will be temporarily affected.

On Wednesday 6 May 2026 between 9 am and 3 pm the water outlets at Niagara Park Public School will be turned off temporarily.

Bottled drinking water and hand sanitiser will be supplied for students, staff and visitors to use during this time.

Council will also provide water via a water truck which will be connected to the school water mains to supply water for hand washing and toilet use.

More information about water service disruptions is available at [Water Outages | Central Coast Council](#).

Thank you for your understanding and support during this important work.
