

NSW Department of Education
Berinba Public School
Works notification | 22 May 2024

Dear staff, parents/carers,

On 17 and 18 May 2024, a contractor was undertaking scheduled gas heater servicing at Berinba Public School.

Heaters across 10 classrooms in Buildings B, C, D, E, F, and the library were found to be faulty when switched on.

The contractor removed the control knobs to ensure the faulty heaters cannot be used.

A second contractor conducted additional testing and has advised that these heaters should not be used.

Electric heaters have been purchased to temporarily replace the faulty heaters while the school awaits the installation of reverse-cycle air-conditioning later this year.

The health, safety, and wellbeing of the school and the local community is our highest priority.

If you have any questions, please contact the department on the details below.
