

# Woodberry Public School

Works notification | 27 October 2023

Dear staff and parents/carers,

We are replacing ceiling panels in Building C at Woodberry Public School. This will involve removing panels that are known to contain asbestos, from the ceiling near the canteen entrance.

Work to replace the ceiling in this area will take place Saturday 11 and Sunday 12 November 2023.

All work involving asbestos containing materials will take place outside of school hours, and the area will be cordoned off and additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Once work is completed Building C will be inspected by the independent occupational hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
