

Jewells Primary School

Works notification | 1 September 2023

Dear staff and parents/carers,

A window was damaged in the staff kitchen in Building B at Jewells Primary School. Work to repair it will involve working with known asbestos containing material in the window frame.

The window has been boarded up, and because the window frame is undamaged the staff kitchen remains in use.

The window will be repaired during the upcoming Spring school holiday period, with additional safety measures and monitoring in place before works start.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The staff kitchen will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
