

# Ambarvale Public School

## Works notification | 2 February 2026

Dear staff, parents and carers,

During the recent Summer School Holidays, the Administration Building and Building H at Ambarvale Public School were damaged.

In the Administration Building, the library and 9 rooms and 2 classrooms in Building H suffered damage to resources, computer equipment, shelving, bookcases, windows, glass panels and doors.

All damaged windows, glass panels and doors have been repaired and computer equipment and resources have been replaced.

Shelving and bookcases in the library have been repaired to allow the library to be fully operational on Day 1 Term 1 2026.

We are waiting on the delivery of new shelving and bookcases to replace the damaged ones. They are expected to be delivered and installed by the start of Week 3 Term 1 2026.

Ambarvale Public School will be fully operational from Day 1 Term 1 2026.

Thank you for your cooperation as we complete this important work.
