

# Glenwood Public School

## Works notification | 10 March 2023

Dear staff and parents/carers,

Upcoming maintenance works to replace the vinyl tiles at Glenwood Public School will involve working with asbestos containing material in a work room located in the administration office in Building A, and a cleaning storeroom in Building B.

Work to remove the material will take place outside of school hours on Monday 13 March 2023 and in accordance with the advice of an independent hygienist.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is finished.

All work will be carried out in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan, completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before the area is reopened to staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
