

Cudgegong Valley Public School

Project update | June 2026

Image caption: Shade cloth installed outside Building A.

Dear staff, parents and carers,

The Cudgegong Valley Public School classrooms in Building A and K was damaged by fire in early 2026.

Progress summary

Following our update in [January 2026](#) regarding the incident, the affected buildings have been secured with fencing and shade cloth.

The insurance process for the fire-damaged buildings is continuing, and an assessor has completed an initial inspection of the site.

We are now arranging for a contractor to carry out debris removal and safety works so further inspections and specialist assessments can safely take place.

Next steps

Building specialists will be engaged to assess the full extent of the damage and provide a scope of works to repair the buildings.

More information

If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below. Please note our community phone and email are staffed Monday to Friday, 9 am to 5 pm.

We will keep the community updated.

Thank you for your understanding and support during this important work.
